Freelance UX/UI & Illustrations projects

July 2021 - Present

Webint and Osint Intelligence Analyst

**Argyle Consulting Group, Tel-Aviv, Israel**

2018-2021

- Conducting comprehensive investigative research from a wide range of open sources, using complex webint tools and technological systems.
- Production of high-quality and detailed reports and analysis (both in English & in Hebrew) and actionable analysis.

Project Manager and Analyst

**Ministry of Defence, The Israeli Embassy, London, UK**

2013-2018

- Project management: from defining project's goals through setting deadlines and overseeing project progress until completion.
- Performing extensive Internet research and analysis of various data sources.
- In-charge of all logistic aspects concerning delegations from Israel to the UK.

Data Analyst and Project Manager

**The Prime Minister's Office, Tel-Aviv, Israel**

2009-2013

- Data analysis and production of actionable deliverables in a timely manner.
- Providing Data Management and Business Intelligence insights on demand.
- Converting raw data into applicable information in order to inform intelligence decisions.
- Communicating findings through data visualisations, written reports and face-to-face meetings.
- Mining large amounts of data and processing it into actionable reports.

Labour Law Intern

**Rubin-Shmuelewitz Law Associates, Hertzelia, Israel**

2007-2008

- Writing statements of claim and defence concerning complex Labour law suits
- Vast research of online information and Law databases.

**Military service: Intelligence Corps, 8200 Unit**
